

**USMD Physician Services offers the following for Coronavirus (COVID-19) testing:**

1. These tests are only provided to USMD Physician Services patients based on the judgment of the clinician. Additional services provided during the same visit may result in additional charges.
2. USMD Physician Services does not accept walk-in COVID-19 lab testing.
3. Patients who would like to use their insurance or other coverage for a COVID-19 diagnostic test should confirm with their insurance or other coverage company that testing will be covered. USMD Physician Services will bill the patient for tests not covered by insurance or other coverage.
4. The Centers for Medicare and Medicaid Services has defined "cash price" as the charge that applies to an individual who pays in cash (or cash equivalent) for a COVID-19 diagnostic test. Patients who request a cash price for a COVID-19 diagnostic test will not have a bill sent to their insurance or other coverage company.

Test Name	Rapid antigen test	SARS-CoV-2 antibody IgG
Billing Code	87426	86769
Cash Price	\$50	\$50
